

Islip, NY – At a recent town board meeting, Islip Town Councilman John Edwards honored two Bay Shore High School students who saved the life of a man who had gone into cardiac arrest at a senior citizens dance at the school.

Jon Michel and Sarah Stain are both 2010 Bay Shore graduates who had training in CPR from being a part of the Bay Shore-Brightwaters Rescue Ambulance. They put that training to use and employed on-site aid to the elderly victim until EMTs arrived on the scene.
